

# CAREER OPPORTUNITY

## Mechanical Detailer

TITLE	DEPARTMENT	REPORTS TO
Mechanical Detailer	Engineering	Technical Services Manager

### COMPANY PROFILE

NMT is a custom manufacturer specializing in the design, fabrication and installation of equipment pertaining to the mining and construction industries. Our company is dynamic, progressive, and rewarding to work for. Whether you are a North Bay local or someone who is interested in relocating to North Bay – a city 325 km north of Toronto surrounded by lush forests, spring-fed water and clean air and a healthy environment for working, living and raising a family – we would love to hear from you. We are seeking individuals who are passionate about their careers and are looking for a position where they can make meaningful contributions to the growth and the future of the company.

### JOB DESCRIPTION

- Produce detailed and accurate shop drawings for mechanical equipment, machined parts and custom fabrications.
- Produce general arrangement, assembly, installation and erection drawings.
- Participate in drawing review process, checking own drawings and those of peers to the project's specifications and internal drawing standards.
- Create as-built and redline drawings.
- Assist Designers with Solidworks 3D modeling when required, perform revisions to 3D models and update all corresponding detailed drawings.
- Participate in engineering department meetings.

### REQUIRED EXPERIENCE & SKILLS

- Graduate at the technician/technologist level from a recognized post-secondary institution.
- 3D design software experience, preferably in Solidworks.
- Experience in the underground mining industry an asset.
- Comfortable with MS Word, Excel and Outlook.
- Excellent written and spoken communication skills in English.
- Ability to work under pressure, manage time wisely and meet deadlines reliably.
- Eagerness to learn and work as part of a dynamic team.
- Ability to work independently with minimal supervision.
- Fabrication and/or machine shop exposure is an asset.
